

Dreams and Butcher Beautification Project

- Sand – At least 2 tons - Full truck (required is one grade down under plastering sand for the first stage of mortar & first coat of render.) Truck delivering sand will have to be small enough to get up the drive between Dreams and the Library.)
- Plastering Sand – Full Truck (for final coat of render)
- Cement – 10 x Bags
- Concrete Mixer
- Oxide- 20 kg Black, Brown & Yellow (this will cover most areas in town, but cheaper to buy in bulk)
- Diamond Concrete Cutting Saw Concrete Drill
- Wheelbarrows (we have one, but it requires new wheel) – additional 3 depending on how many people helping.
- Rocks – Small (from a source we will be able to get enough quantity from for further use in other areas in town.
- Rocks & Boulders – medium to large x 5 (preferably the same look as the small rocks)
- Concrete Old and broken up (preferably without steel reinforcing in it) A big truck load .
- Macracarpa slabs at 10 cm thick
- Galvanised Hand Rails x 3 (5-6cm wide)
- Potting Mix or Good Quality Soil – approx 3 metres
- Compost – 2 metres

PLANTS

- Bird of Paradise Dwarf x 5
- Zanado Philodendrons x 3
- Red Flax (already existing in garden – no extra plants required for this garden)
- Black Flax Medium x 1
- Mondo Grass (*ophiopogon japonicas*) x 200
- Bromeliads – (we can provide a few of them, but we will need to see what is available from others and select the appropriate varieties at the time)
- Labiela Blue – not necessary to source until spring)
- Nikaus – 2 x Large
- Silver Tree Ferns – a group of 3 large

Cnr Hurndall St West & Whaka St Beautification Project

- Treated Path Edging – Concrete Boxing Timber approx 60 metres
- Base course gravel 40 gap - approx 3 metres
- Fine Clean Gravel Brown for the top coat – 3 metres
- Pine Bark Mulch x 8 metres
- Rhodadendron Fertilizer

Plants

- Red Flax Medium x 15
- Black Flax Medium x 10
- Agave Attenuata x 8
- Silver Tree Ferns Large x 5
- Nikau Palms Large x 5
- Nikau Palms various sizes x 15
